Can a Local Fund dispensary be converted into a semi-itinerant one? Is not the sanction of the B^d necessary for this? A local fd. dispensary is a permanent one but one opened under the M. D. Scheme is for the present being regarded as temporary — The proposal involves several important issues and will have to be carefully dealt with. Please see if in any previous instance a L.F. dispensary has been made over to the M.D. agency.

MK 15/2

Sukd.

The proposal of the Mallad Improvement Committee is to provide additional medical facilities to the people of the villages in the vicinity of Mandagadde by posting an additional medical officer to go round the villages to dispense medicines. The L.F. dispensary will not be affected in any way and the extra cost is proposed to be borne from the M.D. funds — so that the concurrence of the D^t Bd seems unnecessary. There are no precedents.

KP 16/2

From the above it will be seen that if the L.F. dispensary being made M.D. a semi-itinerant one it will not become entirely

Senior Surgeon with the Government of

H. H. the Maharaja of Mysore, Bangalore.

To

The Chief Secretary to the

Government of Mysore,

Bangalore.

Sir,

I have the honor to forward herewith a copy of letter No.C.359 (M.I.), dated 2nd January 1918 and of its enclosure received from the Deputy Commissioner and Chairman, Malnad Improvement Committee, Shimoga District, recommending the conversion of the existing Local Fund Dispensary at Mandagadde into a Semi-itinerant one to serve the Medical needs of the inhabitants living within a radius of 8 miles from Mandagadde, including the important village of Malur; although it is 9 miles from Mandagadde.

If the proposal is sanctioned, a Medical Graduate will have to be posted to the charge of the dispensary, with a junior Sub Assistant Surgeon on Rs. 30 plus 20 or Rs. 50/- a month to help him and look after the headquarter dispensary work during his itineration, as in the case of the semi-itinerant dispensaries at Megaravalli, Humchadakatte and Ananthapur. Thus the number of Sub Assistant Surgeons will have to be increased by one during the period of this arrangement.

The extra cost involved in the proposal is Rs. 2028/- per annum, recurring and Rs.700/- non-recurring, as noted in the margin, on the scale sanctioned for the other Semi-itinerant dispensaries, and the Malnad Improvement Committee are willing to meet the same out of the funds at their

-----oOo-----

I have the honor to state that the Taluk Progress Committee of Tirthahalli have recommended the weekly visits to Malur and Agumbe by the Sub Assistant Surgeons at Mandagadde and Megaravalli respectively and that the subject was considered by the Malnad Improvement Committee of Shimoga at their meeting held on the 23rd November 17. The Committee resolved that the existing Local Fund Dispensary at Mandagadde may be converted into a semi-itinerant one and that Agumbe may be included within the range of semi-itinerant dispensary at Megaravalli. A copy of the resolution passed by the Committee is sent herewith for perusal.

2 In the interest of increased medical relief to the ryots in the interior of the malnad, it is very necessary to convert the existing dispensary at Mandagadde into a semi-itinerant one. Villages within a radius of 8 miles from Mandagadde as in the case of other semi-itinerant dispensaries may be included within the range of this dispensary. Malur and Agumbe though situated at a distance of 9 miles from Mandagadde and Megaravalli respectively are important villages on the road side and deserves special treatment and may be included within the scope of the semi-itinerant dispensaries concerned. I therefore request that you will be so good as to obtain sanction of Government to the proposal of the Committee.

3 The cost of conversion of the Mandagadde Local Fund Dispensary into a semi-itinerant one will be borne by the Committee out of the funds at their disposal.
